JPMorgan Chase Wealth Management: Turning Your Skills into Career Opportunities

Career Services recently hosted a Coffee Chat with Jeremy Brown, Talent Development Lead at JPMorgan Chase Wealth Management. Jeremy shares how transferable skills like communication, relationship-building, problem-solving, adaptability, and a willingness to learn can open doors in financial services, even without a traditional finance background. He also provides tips on using AI authentically, navigating the hiring process, and understanding your personal “why.”

Advising Services

Every degree-seeking UAGC student is assigned a dedicated advisor who serves as a central point of contact throughout the student journey. Advisors can assist with course registration, degree-completion planning, university policies, and available resources. Students also have access to support from Admission Specialists, Financial Services Advisors, and AVA, the 24/7 chat service.

Discover Resources for Veterans and Their Families: Wounded Warrior Project® Virtual Resource Webinar

October 7 • 12 p.m. PT

Whether you are a veteran, service member, family member, caregiver, or supporter, this session is an opportunity to learn about resources and programs designed to help warriors and their families thrive beyond military service. Hear directly from Wounded Warrior Project® representatives about support available in areas such as mental health and wellness, career counseling, financial wellness, veteran advocacy, long-term rehabilitative care, and community connection. Bring your questions, learn how to access available resources, and discover ways to connect with an organization dedicated to honoring and empowering wounded veterans, service members, and their families.
