

## ARTICULATION AGREEMENT WITH NAVARRO COLLEGE

Ashford University and **Navarro College** have entered into this Articulation Agreement in the spirit of cooperation and to mutually recognize each other as quality institutions of higher learning. The purpose of the Agreement is to enable **Navarro College** students who transfer to Ashford University to carry with them the credit they have already earned. The Articulation Agreement provides a structure through which transfer articulation on all levels can be supported. Students may pursue their academic and professional goals through any one of the Bachelor's degrees offered at Ashford University.

**Navarro College** graduates with a minimum cumulative GPA of 2.0 entering under the terms of this agreement are guaranteed admission into a Bachelor's degree program at Ashford University provided they meet all admissions requirements for the degree program. The transfer guides outlined in this Articulation Agreement are applicable to students transferring to Ashford University from **Navarro College** during the Catalog year 2013-2014.

Under this Agreement, **Navarro College** students transferring with an Associate's degree with a minimum 2.0 cumulative GPA and recognized as meeting the general education requirement at state universities in Texas will have fulfilled all lower division General Education requirements at Ashford University. The General Education Capstone course must still be completed at Ashford University.

**Navarro College** students transferring without an aforementioned degree will have all college-level academic credit (generally, 100-level or higher), and with a grade of "C-" or better, accepted for transfer on a course-by-course basis into the academic categories that are the best fits (e.g., elective, General Education requirement, major course). Students may transfer up to 90 **Navarro College** credits.

Credits must have been earned with grade of "C-" or better from regionally accredited or selected nationally accredited colleges or universities. Transfer credits will generally be evaluated from each college or university independently. A maximum of 9 credits with a "D" grade are transferable as long as the student's cumulative overall GPA is 2.0 or above. "D" credits cannot be applied toward the major or toward General Education competencies.

Transfer credit may not be granted when it duplicates college credit previously earned. Credit will not be given for the same learning twice.

All students must successfully complete a minimum of 30 upper-division credits to graduate. Lower-division courses transferring in to satisfy upper-division courses will not constitute completion of the 30 upper-division credits required for graduation.

Graduate-level transfer credits cannot be applied to undergraduate degrees. The online modality at Ashford University places no general age limit on transfer credit from regionally accredited and selected nationally accredited institutions, with possible exceptions in subject areas where there have been significant change. Requirements are specifically noted in degree/major requirements.

For more information about the on-time completion rates, the median loan debt of students who completed each program, and other important information, please visit [www.ashford.edu/pd](http://www.ashford.edu/pd).

The Articulation Agreement provides a structure through which transfer articulation on all levels can be supported. Students may pursue their academic and professional goals through any one of the Bachelor's degrees offered at Ashford University.

| Check AU Catalog for details.       |   | 41               | Courses will be evaluated for transfer credit                                    |
| <b>TOTAL CREDITS FOR GRADUATION</b> |   |                  | <b>120</b>   |

- Students must have a minimum of 30 upper-division semester credits to meet graduation requirements.
- Official transfer credit evaluation takes place once a student is enrolled at Ashford University and all official transcripts have been received.
- Courses that meet more than one General Education requirement can only be applied to one area. A course cannot apply more than once unless it carries the required credit.
- One unit computer courses can be combined to fulfill the Information Technology Competency General Education requirement.
- Multiple courses may meet a particular General Education Requirement, however only one course is needed to satisfy the requirement.
